2025

Program 43

# Information for BOSSI Candidates

Consulting Surveyors NSW (CSNSW) has been tasked by the Board of Surveying and Spatial Information (BOSSI) to prepare graduates for the registration process.

In New South Wales to become a registered surveyor, you will firstly need to have gained a recognised qualification or equivalent and a Certificate of Competency. The current list of recognised qualifications can be found on the recognised qualifications page of the BOSSI website. If you have gained a qualification that is not on this list it will need to be assessed as an equivalent to a recognised qualification. Further information on qualifications gained outside of Australia and New Zealand can be found on the overseas assessment.

After obtaining your degree you will undertake prescribed training and work experience under the supervision of a registered surveyor and the undertaking of prescribed examinations conducted by the Board. On successful completion of the examinations, a candidate is then accredited by BOSSI as being proficient in the practice of surveying and is entitled to become registered as a land or mining surveyor, under the register held by the Surveyor-General.

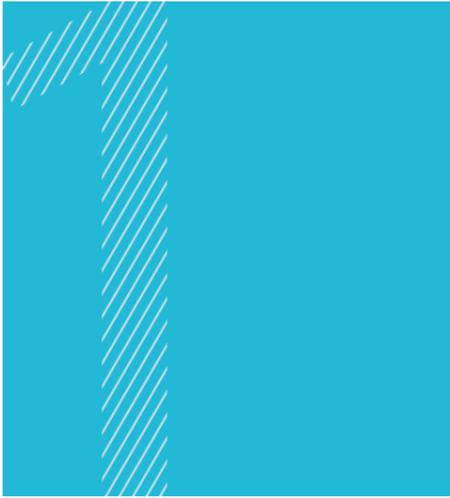

For full details on BOSSI requirements for Candidates please visit the BOSSI Website at [www.bossi.nsw.gov.au](http://www.bossi.nsw.gov.au)

Candidates Land Surveyors must take 5 exams:

1. Town Planning
2. Strata and Community Title Schemes
3. Engineering and Design.
4. Rural Cadastral
5. Urban Cadastral

Consulting Surveyors NSW runs workshops twice a year to help candidates prepare for three of these exams. The Rural and Urban Cadastral workshops are run by the Institution of Surveyors NSW.

# THE PROJECTS

**Engineering

**Strata  
&  
Community  
Titles**

**Town  
Planning**

# Required reading for every candidate

---

---

- First Step: Register with BOSSI as a Candidate Land Surveyor.
- Candidates must have completed 26 weeks BOSSI approved practical experience before sitting a BOSSI examination
- Final Exam undertaken by BOSSI. Candidate must be enrolled and pay directly to BOSSI.
- Application for the final BOSSI Assessment need to be lodged with BOSSI directly.
- All workshops are held at Consulting Surveyors NSW Office: Level 12, 49-51 York Street, Sydney NSW 2000. Mid-Term and coaching session maybe held online.
- Return the completed Candidate Agreement Form to [events@consultingsurveyors.com.au](mailto:events@consultingsurveyors.com.au). You can access the form by scanning the QR code provided.

- Your own project is recommended. If you do not have a project, please reach out to the ACS office within one week after enrolling and upon making your registration payment.
- The digital workbook of the workshop will be available after payment.
- Candidates from the same company or working within the same office are **NOT** allowed to choose the same project.
- You may opt to defer the mid-term assessment, but please be aware that this deferment will only be valid for the next cohort.
- We strongly encourage Mentoring Surveyors to attend the mid-term assessment session alongside their candidate. This can be either in person or online.
- Additionally, we have introduced a new Mentoring Induction Kit, which all mentors and supervising surveyors are required to follow including the interview online session with the CSNSW Presenters
